Instructions for Use

Each song slot (numbered line) in these lesson plans gives multiple options. Each song title is linked to its corresponding training video. Choose the ones that make the most sense for you and your group each week or feel free to sub in other songs.

We designed these Lesson Plans to help our Music Specialist develop the skill of creating JAM-tastic set lists. Use them as is, or use them as a reference.

Remember to use your imagination and have fun!
